METC

MISSION: Provide World Class Enlisted Medical Training to Support Mission Readiness in Peacetime and War

VISION: Today's Leaders. Tomorrow's Mission. Premier Center for Cutting Edge Training—Always

Medical Education & Training Campus

Joint Base San Antonio - Fort Sam Houston
(JBSA-FSH)

www.metc.mil

Welcome to METC

The Medical Education and Training Campus is an extensive, state-of-the-art enlisted medical training institution for Army, Navy, Air Force and Coast Guard medics, corpsmen and technicians.

METC was created to meet the 2005 Base Realignment and Closure Commission decision to co-locate training at Fort Sam Houston, Texas. METC is the first stop for nearly all entry-level, enlisted medical training and a point of return for a majority of advanced enlisted medical training.

In 2014, METC was realigned and entered initial operational capability as part of the newly established Defense Health Agency.

State-of-the-Art

METC is leading the way in providing our nation's future medics, corpsmen and techs with state-of-the-art learning technologies and advanced modeling and simulation training, including:

- Notebook computers in nearly all classrooms
- Sakai learning platforms
- Instructor smart podiums
- Training on live medical imaging machines
- Approximately 200 advanced patient simulators
- Realistic battlefield combat trauma patient simulator
- Advanced catheterization lab simulator
- Level 2 biosafety laboratories
- 3D anatomy & virtual dissection platforms
- NRC-certified nuclear medicine laboratories
- Telepharmacy and telemedicine technology
- Fully functional 12-window outpatient and 28-IV hood inpatient pharmacy training labs
- Dental laboratory computer-aided design & computer-aided manufacturing (CAD/CAM) technology
- Full casting laboratory
- Embedded Medical 2-D and 3-D illustrators
- Hologram technology
- And much more...

Joint Training

Consolidated curriculum, classrooms, instructors and students allows all services to learn from each other and adopt the highest standards like never before.

As the world's largest enlisted medical education campus and largest consolidation of military training in Department of Defense history, medical enlisted personnel get experience in a joint environment at the beginning of their career. METC enjoys the collective experience of all services to train our students to be the world's finest enlisted medical professionals

We train to the highest standard.

Student Life

Students enjoy a quality of life second to none. Features include:

- Comfortable dorm rooms
- Multi-purpose recreational center
 - Snack bar and coffee bar
 - Personal sized music rooms and practice room
 - Video arcade and pool table
 - Flat screen TVs
 - Computer stations
 - Study areas
 - 60-seat movie theater
- Modern fitness center
- Largest dining facility in the Department of Defense

Training Medical Professionals for...

- Service specific requirements
- Joint medical operations and deployment
- Beneficiary healthcare
- Homeland emergency medical response
